

Odometers management with MyChron5

Question:

How can I manage my MyChron5 odometers?

Answer:

- Press "MENU", scroll to "Counters" icon using "PREV" and "NEXT" buttons: press "ENTER"
- four "Usr" odometers shows up labelled from 1 to 4: they can all be reset; the asterisk indicates the status of each counter
- to choose the odometer to reset select it and press "CHANGE"

		Counters	i	G
רגני	Usr 1:	00:53	47 km*	Ē
ŭ	Usr 2:	00:41	47 km*	Ę
	Usr 3:	00:23	47 km*	
ZEXT	Usr 4:	00:12	47 km*	EX-F

• To reset the odometer select "Clear" option with "PREV" and "NEXT" button and press "CHANGE": the odometer resets as shown for "Usr 3" here below on the right.

	Counters				
L R H V	Usr 3: Status:	00:23	47 km Active	FÆZGL	
ZWX	Clear			EX-F	

			Counters			G
R	Usr	1:	00:53	47	km*	E E
ν Γ	Usr	2:	00:00	0	km*	Ę
	Usr	3:	00:00	0	km*	
ZWXH	Usr	4:	00:12	47	km*	EX-F

Please note: MyChron5 also features a System odometer which cannot be reset or disabled. This is monitored by Race Studio 3.
