

Race Studio 3

Wi-Fi access protection

Question:

How can I protect my device Wi-Fi access?

Answer:

The access through Wi-Fi connection to the AiM devices can be protected by inserting a password in the way shown below:

- Open Race Studio 3
- Connect your device (via Wi-Fi or USB)
- Enter in the Device section and, from the Connected Devices column, click on your device identifier: in the right area the dedicated menu appears, this shows the Live Measures by default.
